*Millionaire Club Members, \$100K Ring Earners, & Network VP of N. CA
Small Business, Food & Beverage, Medical, & Author/Writer*

We are FINISHERS! When I was 27-years old I took a look at LegalShield because a friend would not take no for an answer. He insisted that I watch a video back in 2001. I kept getting a call from him to watch the information for over a year. Then I finally watched the video, and I was excited about the service and a chance to earn more income. Christa joined years later, pretty much the same way, through a friend. Christa and I did not know each other prior to LegalShield. We started this journey alone, found each other, then found successful people I call “finishers” along the way. We are now being the “finishers” for the people looking to have success on our team.

We love them like family. We travel with them and celebrate holidays together.

It took me a few years to earn my \$100,000 ring. Then with the additional income, Christa and I had our dream wedding. A few years ago, we were the 177th couple added to the Millionaire Club. This business has allowed us to put kids through college, travel, and do more for other people who needed our help.

Prior to LegalShield, I was working a full-time job in sales and running a small business on the side. I thought I was doing all I could to provide for my family. I remember taking my son to daycare for the first time and actually shedding a tear as I drove off. It did not make me feel good letting a stranger have more time with my child than me. Joining, for me was not just a chance to earn a bit of extra cash each month. It was a chance to design my life. More importantly, I was able to be there for my children like never before!

Prior to LegalShield, Christa was a 19-year-old, full-time college student working four jobs. Her first few months with the company, she was able to focus more on LegalShield. When Christa and I married, she took a few years off from LegalShield to be the, best stepmom in the world to our four children. We were able to attend every field trip and volunteer at the kids’ school as tutors.

It also allowed Christa to achieve her Bachelor’s degree, then a Master’s degree and her CMP (Certified Meeting Planner). Christa now has her own qualified Executive Director position in LegalShield and is the CEO of her own company, Magnetic Magnificent Events, planning corporate events.

Working from home has allowed me to author my first book, *Running With Finishers*, be a momentum speaker all over the country and pursue my passions of being a DJ, making films and music. I have finished two shorts, a music video and been able to DJ at some very cool places in my spare time.

So much has changed. We have watched people on our team become stay-at-home parents. We have seen people drive their dream cars, take vacations and live differently. Now our children are all off to college, living on their own and we have an amazing life with LegalShield.

We have so many leaders on our team to thank, far too many to even start to list names, but they know who they are. LOVE YOU GUYS! But I must say thank you to the ring earners on our team—Ted Ma, Jaya and James Crawford, and our newest ring earners, Lanetta Marshall and Michael Drayton. Thank you to my upline Platinum leaders and dearest friends, Bert Calhoun and Fatima Salaam and Darnell and Traci Self. To the rest of our amazing team, keep running with finishers!
